indeed, seemed to vie with each other in expressing their readiness for the fray. Probably a good deal of this was brayado, intended for my conwas bravado, intended for my con-sumption-indeed. I had private in-which the Moslem has rushed to batsumption-indeed, I had private intle for thirteen centuries.

disastrous disastrous we approached the Gallipoli shore, our helmsman was asked if he knew the location of the minefield, and if he could steer through the channel. He said "yes" and then steered directly for the mines. Fortunately the other men noticed the mistake in other men noticed the mistake in time, and so we arrived safely at time. rectly for the mines: Fortunately the other men noticed the mistake in time, and so we arrived safely at Kilid-ul-Bahr. The batteries here were of about the same character as those on the other side; they formed one of the main defenses of the straits. Here everything, so far as a layman could judge, was in excellent condition, barring the fact that there is certain to be, by and by very great deflation in the prices of all commodities. Today the best authorities are persuaded that all commercial products such as mere than there is certain to be, by and by, very great deflation in the prices of all commodities. Today the best authorities are persuaded that all commercial products such as mere than put temporarily or fermanently out of action. Naturally the Germans and Turks relief they prices were of old deviced over this victory. The police

destroyed, but shell noise surrounded spontaneous patriotism or enthusiasm the fortifications. My Turkish and of any kind that they would never German escorts looked at these evidences of destruction rather seriously out such definite orders. As a mainstead they were outspoken in their adter of fact, neither Germans nor miration for the accuracy of the al-Turks regarded this celebration too.

Turkey was just as completely isolated from her allies then as was
Russia. There were two railroad lines
leading from Constantinople to Germany. One went by way of Ruiraria and Serbis Bulgaria was then
not an ally even though she had
winked at the passage of guns and
shells, this line could not have been
used, since Serbia, which controlled
the vital link extending from Nish to
Belgrade, was still intact. The other
railroad line went through Rumania,
by way of Bucharest. This route was
independent of Serbia, and, had the
Rumanian government consented, it
would have formed a clear route from
the Krupps to the Dardanelles. The
fact that munitions could be sent with
the connivance of the Rumanian government perhaps accounts for the suspicion that guns and shells were
french and British ministers protested at Bucharest against this alleged violation of neutrality, only to
be met with angry denials that the
Germans were using this line. There
is no doubt now that the Rumanian
government will feel obligated after
